Maintenance Tips

What does maintaining your car mean? It's when your vehicle is kept tuned, clean & working as efficiently as possible. Some items are essential to ensure your car won't break down un-expectedly:

Engine Oil	Replace every 3 months
Engine Oil Filter	Replace every 3 months
Air Filter	Replace every 6 months – 10,000 Km (approx.)
Spark Plugs	Replace every 8 months – 15,000 Km (approx.)
Brake Pads	Replace every 1.5 years – 20,000 Km (approx.)
Radiator Coolant	Replace every 1 year – 20,000 Km (approx.)

* Above recommendations are based on average driving on Karachi roads, using regular unleaded fuel.

Mandviwalla's Tips for your Trips

Thinking of financing or leasing your next *New or Used* Suzuki? Mandviwalla Motors recommends to visit our dealership to find out about all your options, the real facts about car financing and our many other services available for you, before going to the bank directly. We will always have a better deal for *You!*

From Yours Truly,
The Team @ Mandviwalla Motors (Pvt.) Ltd.
